

Cesar Giupponi Paiva

iOS Engineer

+55 12 991618388 • cesar.giupponi@gmail.com • github.com/cesar-paiva • linkedin.com/in/cesargiupponi

SUMMARY

- Demonstrated seniority as an iOS Engineer, showcasing leadership and deep engineering knowledge.
- Led development of high-impact iOS frameworks for bank applications, serving millions of users
- Architected, designed, developed, deployed, and operated iOS frameworks, ensuring end-to-end excellence.
- Enabled projects to adopt architecture best practices, lowering technical debt.

SKILLS

iOS app/frameworks development (Swift), Cocoapods, UIKit, Unit Testing, UI Testing, Technical Leadership, Problem Solving, Scalable Architectures, User-Centric Design, Code Reviews, Framework Maintenance, Architecture, Focus on maintainable, performant, resilient code.

WORK EXPERIENCE

Itaú

Senior iOS Engineer

São Paulo, SP

Abr 2021 - Present

- Led the development and deployment of iOS frameworks for bank applications, ensuring robustness and scalability.
- Developed and maintained frameworks that supported 4 of bank applications, serving millions of users.
- Reduction in framework bugs through rigorous unit and UI testing, enhancing user experience.
- Conducted 100+ of code reviews, elevating code quality and promoting knowledge sharing.
- Led technical projects, ensuring timely delivery and adherence to best practices.

iOS Engineer

May 2020 - Mar 2021

- Implemented search feature, leading to decrease in user search time.
- Collaborated with cross-functional teams using agile methodologies, ensuring seamless teamwork and value delivery.
- Enhanced problem-solving skills by effectively identifying and resolving complex technical challenges.
- Implemented critical improvements, resulting in reduction in app crashes.
- Successfully resolved dozens of critical production issues, contributing to decrease in service disruptions.

Everis

iOS Developer

São Paulo, SP

Mar 2019 - May 2020

- Led the development and maintenance of a high-impact iOS framework in Swift/Objective-C for a consulting client.
- Incorporated advanced features such as voice-to-text conversion, animations, auto layout, and GPS functionalities.
- Conducted 100+ of unit and user interface tests, achieving increase in framework stability.
- Enhanced user experience, resulting in an increase in positive user feedback.
- Collaborated with a development team to seamlessly integrate the iOS framework into specific projects of the consulting client.
- Contributed to successful project integrations, delivering reduction in integration time.

Totvs

Android/iOS Developer

São Paulo, SP

Aug 2017 - Mar 2019

- Developing APIs for integration purposes.
- Building Android and iOS applications with Protheus API integration.
- Integrating device features like push notifications and token-based authentication.
- Implementing unit tests for quality assurance.
- Configuring continuous integration and continuous delivery (CI/CD) pipelines.

Webdutos

Web Development Analyst

Taubaté, SP

Mar 2016 - Aug 2017

- Developing management systems for Engineering companies, including analyzing requirements, gathering data, and creating data models.
- Providing support and monitoring for implemented systems.
- Conducting system user training.
- Deploying systems in the customer's infrastructure.
- Conducting technical visits to the customer

Web Development Intern

Mar 2014 - Feb 2016

- Development of management systems for Engineering companies, including analysis, requirements gathering, and data modeling.
- Support and monitoring of implemented systems.
- Elaboration of technical documentation for the developed systems.

EDUCATION

Taubaté University (UNITAU)

B.S., Computer Engineer

Taubaté, SP

Graduation Date: Nov 2016

National Commercial Learning Service (SENAC)

Technical., Systems Development Technician

Taubaté, SP

Graduation Date: Nov 2014

LANGUAGES

- English – B2;
- Portuguese - Native Speaker
