## EXPERIENCE

### Junior Software Developer

TID Software ↗  
07/2023 - Present

- Engineered and sustained an advanced ERP system, serving over 700 companies, including high-profile clients like ArcelorMittal. The system is particularly tailored to meet the needs of the metallurgical industry.
- Employed a robust suite of technologies including C#, WPF, Blazor, and ASP.NET, which facilitated the development of a responsive application interface of 50 modules.
- Managed over 100 databases with SQL Server and Firebird, ensuring high levels of data integrity and optimal performance.
- Overhauled the ERP system's module menu with a contemporary design, significantly enhancing user interface clarity and accessibility. This improvement led to a 50% boost in navigation efficiency.

## EDUCATION

### Systems Analysis and Development

Instituto Infnet  
01/2024 - Present  
Technology Degree in Systems Analysis and Development

- Proficiency on over 4 programming languages and development frameworks to build versatile software solutions.
- Understanding of complex system designs and architecture, focusing on scalability, reliability, and security.
- Training in managing software projects from inception to deployment, including budgeting, scheduling, and team collaboration.
- Techniques for analyzing and diagnosing software issues to enhance system performance and user satisfaction.
- Application of theoretical knowledge in real-world projects, emphasizing practical experience and problem-solving.
- Participation in group projects and workshops to develop teamwork skills and share knowledge.

### Mechatronic Engineering

ETEC CEL Fernando Febeliano Da Costa  
02/2019 - 12/2021  
Technical Degree in Mechatronic Engineering

- Engineered a combat robot, developed home automation systems using microcontrollers and implemented facial recognition technology for identity verification.

## SKILLS

C#	Advanced
.NET Core/Framework	Advanced
Blazor	Intermediate
WPF	Intermediate
ASP.NET	Basic
SQL Server	Advanced
Python	Advanced
Flutter	Expert
Dart	Intermediate
Firestore	Intermediate
Firebase	Advanced
Git	Intermediate
Javascript	Intermediate

## LANGUAGES

Portuguese	Native
English	Intermediate
Spanish	Basic

## CERTIFICATES

Google Cloud Fundamentals: Core ↗  
Infrastructure  
Google  
06/2024 - Present

C#: The Big Picture ↗  
Pluralsight  
05/2024 - Present

Desenvolvimento de ecommerce utilizando ↗  
Flutter e Firebase  
Udemy
