

# THIAGO RODRIGUES

## Front End Developer

(21) 98125-5410 fthiagorodrigues10@gmail.com <https://www.linkedin.com/in/francisco-th-rodrigues/>

Rio de Janeiro - Brasil

## SUMMARY

I'm a User-Focused Front-End Developer with a keen eye for design and a deep understanding of usability. My development style prioritizes a user-centric approach, emphasizing intuitive interfaces and engaging user experiences. I consistently aim for efficient, user-friendly solutions aligned with business goals.

## SKILLS

React, Next.js,, Typescript, Redux, React-query, Sass, HTML, CSS, Tailwind CSS, Radix UI, Headless UI

## EXPERIENCE

### Software Developer

09/2023 - Present

#### IBM

Designing, developing, and maintaining internal software for IBM's fiscal operations sector.

- Implemented modern and responsive user interfaces using React, Sass, and the Carbon Design System, enhancing user experience.
- Ensured continuous software maintenance, applying bug fixes, implementing improvements, and ensuring compliance with evolving fiscal regulations.
- Efficiently integrated back-end APIs, facilitating smooth communication between front-end and back-end systems.

### Front end Developer

02/2023 - 09/2023

#### Iniciativa FIS

Architecture design and implementation of the front-end for a LMS platform, prioritizing an intuitive and user-centered experience.

- Integrated videos, simulations, and interactive materials to enhance course content, providing an engaging learning experience.
- Ensured full responsiveness on mobile devices and accessibility for users with varying abilities, adhering to web accessibility guidelines.
- Conducted a satisfaction survey resulting in a significant 60% increase in user satisfaction.
- Successfully elevated the platform, currently serving a diverse community of over 600 healthcare professionals, including doctors and nurses.

### Front End Developer

01/2023 - 02/2023

#### IBKL+

Website development.

- Conceptualized and successfully implemented a corporate website for IBKL, emphasizing its mission, services, and values in an attractive manner.
- Optimized the site for search engines (SEO) to enhance the company's online visibility and broaden its audience.
- Ensured responsive design for a consistent user experience across various platforms, integrating accessibility practices to meet diverse user needs.
- Implemented analytical tools to monitor site performance and collected user feedback for continuous improvement.
