ABOUT ME

Experience with development using Next.js, ReactJS, TypeScript, JavaScript, Jest, Node.js, SQL, HTML, CSS, TailwindCSS, Styled Components, Wordpress, GIT, GITHUB and more.

Self-taught profile and quick learning.

Knowledge on languages (Portuguese, English, Spanish, Japanese).

Experience with administrative area and team work.

Focused on Proactivity.

PROFESSIONAL EXPERIENCE

- **[04/2024 - 07/2024] - Full Stack Developer (Part time)**

I worked part-time in web development at a Russian startup.

Translation of layouts created by the company's teams into clean and sustainable code.

Assistance with backend activities, database creation and integration, authentications, etc.

Participation in alignment meetings with communication in foreign languages (Russian, English).

Stack: Next.js, React, TypeScript, JavaScript, Headless CMS, TailwindCSS, Styled Components, GIT, GitHub, Trello, Figma

- **[06/2023 - 06/2024] - Full Stack Developer**

I worked developing, maintaining and updating applications focusing on scale, leads/customers generation and tools for employees. I also take care of the hosting, ensuring adequate indexing in search engines with a focus on SEO.

The results obtained are remarkable, the company is experiencing a substantial increase in its customer base. This continued growth has solidified its position as a reference in the region.

Stack: Next.js, React, TypeScript, Node.js, Fastify, PostgreSQL, JavaScript, TailwindCSS, CSS, HTML, WordPress, GIT, GitHub, CI/CD, Deployment

- **[09/2022 a 03/2023] - Administrative Leader**

I worked at a technology school as the unit's administrative leader, taking care of administrative issues, interacting with customers and leading a team.

- **[09/2021 a 04/2022] - Digital Investment Group Leader**

I worked on hiring and leading a small team.

Focusing on studies and works in digital investments with a focus on cryptocurrencies.

Also being responsible for the profit management and distribution.
