BRUNO GOMES

Front end developer, Brasília/Brazil

+55 (61) 99129-2938 | dev.brunogomes@gmail.com | linkedin.com/in/code-bruno

SUMMARY

I have been working in web development for 15 years, both in the public and private sectors. In the government, I applied my skills to create tools that led to significant reductions in public resources. Subsequently, I gained 5 years of experience in e-commerce with Magento 2.x, collaborating with major e-commerce agencies in Brazil and receiving excellent feedback for performance and overall delivery quality.

Skills: **Magento 2, Javascript, JQuery, PHP, LESS/CSS, MySQL, HTML5**

Interpersonal qualities: proactive, self-sufficient, good communication, diligent, results-oriented, broad business vision, naturally curious.

PROFESSIONAL EXPERIENCE

Frontend Engineer – FCAMARA (07/2022 – 08/2023)

- Led code refactoring resulting in over 30% reduction in less complex tasks.
- Emphasized quality, achieving minimal task returns and going beyond requirements when necessary.
- Prioritized performance, considering the overall application impact and executing automated tests when feasible.
- Provided leadership in small certification study groups, contributing key insights for e-commerce projects.

Skills: **Magento · JQuery · Composer · Bitbucket · GitHub · PHP · XML · E-commerce · JavaScript · Scrum · Docker · Git · LESS · Responsiveness**

Frontend Developer – TREZO (04/2021 – 07/2022)

- Developed large and sub-stores from scratch.
- Implemented solutions in Pagebuilder for a more pleasant and effective user experience.
- Proven competence in improving page performance using simple JavaScript loading techniques.
- Completely refactored the styling of parent stores, resulting in cleaner, more efficient, and easily maintainable code for other developers.

Skills: **Magento · React · JQuery · GitHub · PHP · Responsiveness · Figma · XML · JavaScript · Less · Docker · Git · KnockoutJS · LESS · Ajax · Grunt · Linux**

Frontend Developer – WEBJUMP (11/2019 – 04/2021)

- Initially responsible for creating themes for the Magento administrative area, becoming a reference and assisting others with similar projects.

- Worked in large internal teams, including the company's flagship, an e-commerce accelerator called Carbono.
- Assisted less experienced Magento developers in study groups, offering implementation and coding tips.

Skills: **Magento · React · JQuery · GitHub · PHP · Figma · Avocode · PWA · Grunt · Scrum · Docker · JIRA · Git · KnockoutJS · LESS · Composer · Linux**

Fullstack Developer – 4QUALITY (06/2019 – 12/2019)

- Resolved various PHP and JavaScript code issues and implemented best practices.
- Established a documentation standard, well-received by management, improving project understanding and reducing the need for excessive meetings.
- Consistently delivered and supervised, receiving excellent feedback for delivery agility.

Skills: **PHP · React · Angular · Bootstrap · Oracle · VMware · JavaScript · HTML5 · CSS3**

Fullstack Engineer – CIVIL HOUSE OF PRESIDENCE (01/2016 – 01/2019)

- Created a tool demonstrating efficiency in reducing public spending, evidenced by over 40% reduction in resources for the department.
- Implemented module management in the tool, including process management, leading to significant improvements in strategic planning.
- Managed the data for the government's Open Data Plan, implementing an internal solution for easier data search and manipulation.
- Introduced a risk management component, identifying at least 20 management points of concern, praised by consultants.

Skills: **JQuery · Bootstrap · Angular · GitHub · PHP · PHPMyAdmin · Big data · Javascript · PostgreSQL · CSS · HTML5**

Fullstack Engineer – INCRA (08/2013 – 04/2015)

- Created an internal tool listing data from all superintendencies in Brazil, reducing unnecessary and risky technician travels.
- Assisted in managing a software factory, testing applications, applying fixes, and troubleshooting potential issues.
- Responsible for function point counting for each applied technology.

Skills: **Project management · PHP · Bootstrap · PHPMyAdmin · Javascript · HTML · MySQL · PostgreSQL · CSS**

EDUCATION AND LANGUAGES

Bachelor's degree in **Computer Science** from the Catholic University of Brasília, 2013

Portuguese: native | English: advanced | Spanish: basic
